 778-246-1794

## PROFESSIONAL SUMMARY

Motivated Web Developer with a background in operations leadership and hands-on experience building responsive websites and mobile apps. Skilled in HTML, CSS, JavaScript, React, and React Native, with a focus on clean UI, accessibility, and user experience. Proven ability to manage projects, solve problems, and learn fast in dynamic environments. Eager to contribute to a collaborative development team and grow within the tech industry.

## WORK EXPERIENCE

### Freelance Web Developer

2024–Present

#### Zoe Scattergood Graphic Design

- Redeveloped and deployed a responsive portfolio website using React
- Integrated React Router for seamless page navigation without reloads, enhancing performance and user flow

#### Top Notch Home Solutions LTD

- Designed and developed a fully responsive company website using HTML, CSS, and JavaScript, highlighting the client's renovation services and portfolio
- Implemented interactive contact and quote request forms with input validation for improved user experience and lead generation
- Collaborated closely with the client to refine layout, content, and mobile optimization, ensuring alignment with branding and accessibility standards

### Operations & Digital Services Manager

2013–Present

#### Maple Ridge New & Used Building Supplies

- Designed and developed the company's website using HTML, CSS, and JavaScript, boosting online visibility and lead generation
- Managed a team of 10 employees and oversaw daily operations, including scheduling, training, and performance coordination
- Created and maintained social media content for Facebook and Instagram, increasing local engagement and supporting brand growth
